Welcome Aboard Prof. Seal

September 5. In the VIDYA School Governing Board meeting Prof. Anil Seal, Honorary Director and Executive Trustee, Nitru Trust for Cambridge University was welcomed as the Patron on the Board of Governors. He planted a sapling in the school campus and appreciated the infrastructure and facilities provided. He found the students to be extremely confident, bright and cheerful, and had a motivating interaction with them.

Prof. Seal proposed encouraging the community, affluent schools and corporate houses to use school grounds for sports. They could also be requested to sponsor sports activities in the school. He felt that ultimately one should look at networking with the village schools and distance learning programmes where basic language literacy, numeracy and life skills can be imparted.

Mindboggling Mail!

It was a trip with a difference. 60 children from VIDYA Shreevidyayan, four teachers and some volunteers went for an educational trip to a mall. The hyperactive Super Store manager showed the team around through different departments. It was a mindboggling exposure to see such a wide variety (food, toys, electronic goods, groceries etc.). This visit was not only educational but also fun as many of the students had never visited such a huge store in such a big mall! Children were given certificated and chocolates. Thanks to the support of Hony-Midtowners, Bangalore.
